

# Git command learning approaches

## Guidelines for this survey

Hello,

Thank you for joining our survey.

We are interested in **how developers learn to use Git commands**. In the remaining of this survey:

- a) We'll show you a list of questions concerning your software developing and Git using experiences.
- b) The entire survey takes around **3 minutes** to complete.
- c) If you fully complete the survey, we'll make a **donation to an institution of your choice**. We have a total budget of 150 dollars for donation, which will be split proportionally to the answers of the participants.
- d) You acknowledge that your data will be used for research purposes. All information will be treated in an **anonymous** and aggregated way.

1. Please choose the institution you want to contribute

- ☐ GLOBAL IMPACT
- ☐ UNICEF
- ☐ WWF

2. What is your professional area?

- ☐ Academia (e.g., universities and research institutes)
- ☐ Industry (e.g., companies and self-employed developers)

3. What is your highest degree?

- ☐ Bachelor
- ☐ Master
- ☐ Ph.D.
- ☐ Other (please specify)

4. How many years have you been using Git?

5. Which of the following levels do you consider your ability to use Git to be?

- ☐ Novice
- ☐ Advanced beginner
- ☐ Competent
- ☐ Proficient
- ☐ Expert

Why (please specify)

//

6. What are the main approaches you used to learn Git commands?

- ☐ Learned during the class
- ☐ Learned in online courses
- ☐ Learned from peers or seniors
- ☐ Self-learned from the documentation
- ☐ Self-learned from the internet (e.g., Q&A sites, blog, and video)
- ☐ Other (please specify)

7. Do you have any suggestions for potential new developers on learning Git commands
